1. Beginning at the top of stitched area: count up 25 threads, then remove the next thread. Repeat from the bottom.

2. From the sides of stitched area: count outward 34 threads, then remove the next thread.

Cut fabric on lines created by removed threads.

(Optional) you may use a fray inhibitor on the edges of the fabric to keep the remaining threads in place.

3. Fold stitching lengthwise with right sides together. With thread that matches the fabric color and using a 1/4" seam allowance: machine or hand sew the lengthwise seam.

4. Finger press the seam allowance flat.

5. Turn the bookmark right side out. Flatten bookmark so that the stitched area is centered, then gently iron press.

6. From the top and bottom of the fabric: remove 15 threads to create the fringe.

Your bookmark is now complete!!
